

STOP METRO'S INSTALLATION OF A **SECOND TRACK** BEHIND HOMES ON CHASE / RAYMER STREETS IN NORTHRIDGE

**We are Citizens of Northridge who demand the Neighborhood be removed from the project
of a 2nd railroad track because it will:**

- *significantly reduce our property values**
- *increase air and noise pollution**

- *endanger our children and elderly**
- *ruin our quality of life**

*We call on all Los Angeles Municipal Officials, County, State and Federal Officials and the Federal Railroad Administration
to immediately halt the CP Raymer to CP Bernson Railroad Project, and demand that our Neighborhood be fully protected
by preventing any track addition as proposed by this ill-conceived, deceptively planned and misrepresented project!*
